

# ECOCAMPING Certificate

## Prices net , 01.01.2024

Welcome to Ecocamping. Would you like to be a campsite certified by us in the future? There are two ways to achieve this goal: either we accompany and advise you personally and comprehensively on site or you can go this route independently - thanks to our online certification. If necessary, we will also be happy to advise you on the phone or by e-mail.

	<b>Classic path with personal consultation on spot</b>	<b>Quick path self-steered digital procedure</b>
<b>Initial consultation Certification</b>	<b>2.400 €</b> plus travel expenses <b>1.400 €</b>	- <b>1.400 €</b> incl. technical support (remote) Special prices for micro sites (up to 50 pitches) upon request <i>plus 120 €/h on-demand consultation</i>
<b>On-Site Inspection</b>	<b>540 €</b> on-site check plus travelling expenses	<b>540 €</b> on-site check plus travelling expenses

## **Network participation annual (net)**

Up to 100 pitches	<b>750 €</b>
Up to 200 pitches	<b>950 €</b>
Up to 500 pitches	<b>1.250 €</b>
Up to 1.000 pitches	<b>1.450 €</b>
Up to 2.000 pitches	<b>1.850 €</b>
Above 2.000 pitches	<b>2.450 €</b>

## **The prices for initial certification summarise:**

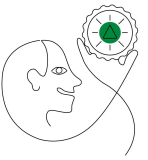

- The price for the classic on-site consultation procedure consists of the initial consultation, certification, network contribution and travel expenses. The price for online certification consists of certification, on-site check and network contribution as well as possible consultation hours.
- All prices plus VAT.
- The travel costs are calculated at €0.40 per kilometre plus accommodation. We endeavour to combine the on-site appointments into tours. This usually results in travelling costs of around €400.
- For applicants from the EU and Switzerland the EU-reverse-charge applies with charging the net amount only and taxation by applicant according to the national taxation status of his company.

## Services (as of 2024)

### **Initial consultation**

#### **That's what we do for you:**

- We inspect your campsite together, visiting all buildings and technical areas. We provide you with a verbal analysis of your business and operational processes.
- We identify your entrepreneurial strengths.
- We document your organisational structure in an organisation chart.
- We jointly analyse your consumption based on the data for the last three years.
- We then support you in drawing up an action plan.
- Do you need further advice? We are here for you. Give us a call or send us an e-mail.

## Your duties:

- You enter your consumption figures for the last three years in our table template.
- You edit our catalogue of criteria in our online tool.
- You draw up an action plan. We will be happy to provide you with a file template if you wish.

## Certification

### Our certification services:

- We now check and audit your digital documents (company data, criteria catalogue and verifications including documentation of consumption figures, organisation chart and action plan in the online tool).
- We provide support if there are any queries or if the documents need to be revised.
- We then forward your documents to the certification body. The actual certification by ECOCAMPING e.V. is free of charge. If everything is OK, you will receive the certificate.
- In the case of online certification, the on-site inspection takes place within 18 months.

### Your duties during the online certification:

- You work through our catalogue of criteria
- You fill in the consumption figures in tabular form in our file template.
- You create an organisation chart.
- You draw up an action plan in our file template.
- You fill out a list of devices in our file template.
- We also need illustrative photos and around five other documents from you, such as a site plan or site regulation

## Network Participation (annual licence fee)

### This is what you get:

- You may use the ECOCAMPING logo for online and print.
- Your campsite is represented online on the [ecocamps.eu](http://ecocamps.eu) platform.
- We register you as certified in the relevant directories and portals.
- You can attend online seminars at the ECOCAMPING Academy, take part in network meetings and receive network newsletters.
- We will comment on your annual consumption figures for the first three years. After that, we will be happy to do so if you want and need us to.
- The audit must be renewed every three years. We want to know what has already been implemented and help you to draw up a new action plan for the next three years (remote audit included, On-site audit on request, charged separately)
- We will provide you with an ECOCAMPING flag and plaque, a basic stock of guest flyers and weatherproof adhesive signs for recyclable materials at a reduced network price.
- If we provide you with professional advice, then at a reduced hourly rate of 95 euros, plus VAT.

---
