

CAMPING STICKS TOGETHER!

FOR AN ENVIRONMENTALLY FRIENDLY AND INDEPENDENT FUTURE

TO JOIN IN ON

1.

Use heating and air conditioning only when necessary

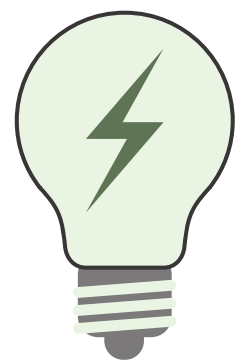

2.

Use water mindfully

for example: - turn off the water while brushing your teeth and soaping up
- take shorter hot showers
- dishwashing with plug

3.

Actively save energy

for example: - keep the lid on when cooking
- use solar power

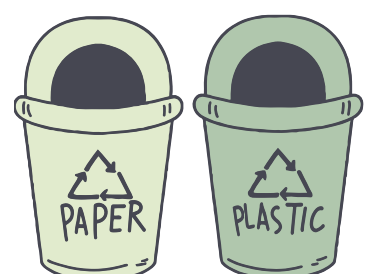

4.

Avoid waste

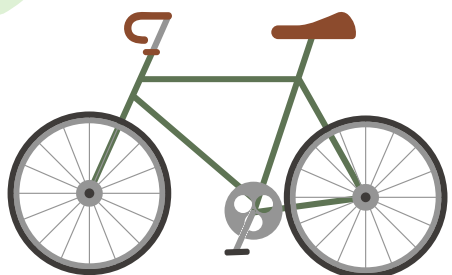

for example: - deposit instead of disposables
- no disposable grills

5.

Sort waste correctly

6.

Use a bicycle or bus on site if possible

7.

Use eco-friendly cleaning agents and sanitary additives

for example with Blue Angel or EU Ecolabel
